10 Years of Meet the Neighbor: Shawn Ritchie, Epicurean Charitable Foundation

Shawn Ritchie's got a lot on his plate as the V.P. of Food & Beverage for Caesars Entertainment: Harrah's Las Vegas, Flamingo Las Vegas, The Quad Resort & Casino and The LINQ. But although he's a busy guy, he enthusiastically continues to support the Epicurean Charitable Foundation (ECF) as an advocate and seasoned Board Member. Providing full-ride scholarships and mentorship opportunities to financially-underprivileged local students interested in attaining careers in hospitality or the culinary arts, the foundation has donated more than \$1.3 million to Clark County students since its inception and is currently providing the means for more than 15 young individuals to study at University of Nevada, Las Vegas, Penn State University, Culinary Institute of America and other prestigious institutions.

Besides playing an active role in mentoring students, one, of many factors that's responsible for 100% of scholarship recipients garnering employment in their chosen field, Ritchie is vested in helping hard working kids obtain their goals. "I am inspired by the students of ECF. They prove that no matter what family background, financial situation or other obstacles we face, hard work and determination can lead to achieving your dreams." For information, visit www.ecflv.org.
